We invite you to take a step into the next generation of contemporary styled hand dryers. Galaxy™...the Natural Choice.

Touchless Operation:

An infrared type proximity sensor turns the unit on and off automatically. Place your hands underneath the unit, and the blower and heating elements are activated.

Fast Drying.

A careful selection of air temperature and air speed dries hands quickly every time !

Elegant Design:

It is often described as sophisticated, and a complement to any restroom environment.

Rugged Construction:

Stiebel Eltron offers two product categories:

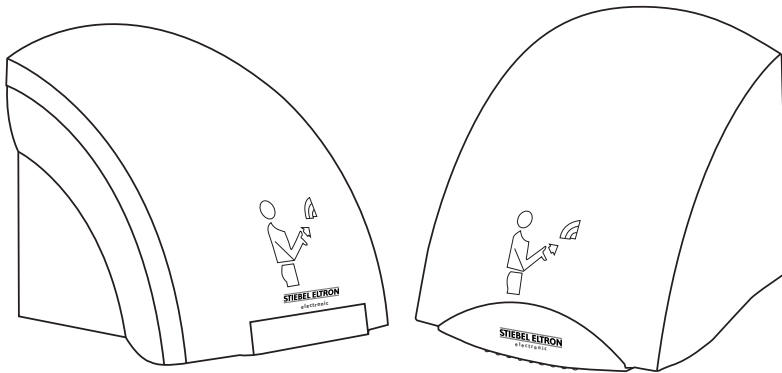

The Galaxy™ features a durable, ABS polycarbonate housing with a wall thickness of 1/8" (3mm).

The Galaxy™ M features a housing of rugged cast aluminum alloy with a wall thickness of 1/8" (3mm). The Galaxy™ M is available in three attractive standard colors (white, charcoal gray metallic, silver gray metallic) that complement any washroom environment.

Typical Applications Are:

- Restaurants • Office Buildings • Banks • Hospitals
- Schools • Professional Offices • Hotels • Malls
- Department Store • Gasoline Service Stations
- Prisons • Airports • Athletic Stadiums

- Save the Environment and Your Budget
- Advanced Technology • Quiet and Efficient
- Contemporary Design • Rugged Construction
- Five Year Warranty
